L4 ANSWER 2 OF 28 EUROPATFULL COPYRIGHT 2000 WILA
 ABEN The objective of the present invention is to provide a mobile
 electronic
 commerce system that is superior in safety and usability. The mobile
 electronic commerce system comprises an electronic wallet 100, supply
 sides 101, 102, 103, 104 and 105, and a service providing means 110
 that
 is connected by communication means. The service providing means
 installs a program for an electronic ticket, an electronic payment
 card,
 or an electronic telephone card. The electronic wallet employs the
 installed card to obtain a product or a service or entrance permission.
 The settlement process is performed by the electronic wallet and the
 supply side via the communication means, and data obtained during the
 settlement process are managed by being transmitted to the service
 providing means at a specific time. A negotiable card can be easily
 obtained, and when the negotiable card is used the settlement process
 can be quickly and precisely performed. <image>
